OUR MISSION

We enable our customers to be more efficient at what they do best, by minimizing the impact of the management of their test and measurement assets.

OUR COMPANY PROFILE

We help our customers succeed, by providing a complete solution to their test and measurement needs. We accomplish this through unbiased applications assistance, multi-vendor product offerings, comprehensive maintenance services and after sales support. The bottom line is, we offer an unparalleled level of service to our business partners.

We are an approved vendor for dozens of large organizations, including: Lockheed-Martin, BF Goodrich Aerospace, IBM, TYCO, Sanmina and the US Government. Our quality system meets or exceeds most military and commercial standards.

Our dedicated staff of highly skilled professionals will strive to provide you with the best level of service available anywhere in the industry. We guarantee it!
